COMMENTS FROM THE TOWN MANAGER'S OFFICE

Information Booth Discussed

Nomination papers for residents interested in seeking municipal office in 1979 will be available at the Town Office tomorrow, Jan. 12. Papers must be returned to the Town Clerk by the close of business Monday, Feb. 26. Municipal offices to be voted on in 1979 include (1) Selectman for a term of three years, (2) Assessor for a term of three years, and (3) School Directors for three year terms.

The Board of Selectmen met in regular session Monday evening, Jan. 8 and acted on a long and varied agenda.

Donald Bennett, president of the Bethel Area Chamber of Commerce, met with the Board to discuss the possibility of the State constructing a Tourist information booth in or near Bethel. Mr. Bennett requested that the Selectmen meet with representatives of the Chamber and the Maine Publicity Bureau to further discuss the possibility and feasibility of having such a booth in Bethel. The Selectmen voted to have Mr. Bennett contact the Publicity Bureau to set up a meeting in conjunction with a future Selectmen's meeting.

The Selectmen held an executive session to interview two individuals interested in serving on the

Municipal Facilities Study Committee. Following the interviews, the Selectmen set a special meeting for Thursday evening at the Town Office to consider the appointment of committee members.

The Town received one bid on the 1977 police cruiser in the amount of \$1,500.00 and the Selectmen voted to accept the bid.

Gene Buswell met with the Board to again state that he wished to purchase the old Town Farm. In other business, the Board voted to sell by bid an old 1968 Ford dump truck, voted to hold the 1979 General Revenue Sharing Proposed Use Hearing on Monday, Jan. 22 at 7 p. m., voted to have Citizen Printers do the 1978 Annual Report, reviewed the draft audit report on the sewer plant construction in 1973, reviewed correspondence concerning the Maine White House Conference on Libraries and set Monday, Jan. 22, as a tentative date to discuss state legislation with Rep. Karen Brown. The Selectmen also voted that due to the circumstances under which a town employee was involved in an accident while driving a town-owned vehicle, counsel will be retained for his defense in a court appearance.

Area Health Center Off to Good Start

At the monthly meeting of the Northern Oxford Health and Service Council on Thursday, Jan. 4 at the Bethel Area Health Center, the Center Coordinator, Shirley Powell, gave a report on the activities of the BAHC to date. She also indicated that several persons had put the Center to very good use in its first two days of formal operation. Approximately 20 persons had been seen by the physicians and Nurse Practitioner.

The Finance and Personnel Committee chairpersons gave their reports and recommendations and necessary action was taken by the Council members. Recommendations from the nominating committee were given. Ken Smith was elected president and Rebecca Shaw, vice president, to serve until March 1979. Mrs. Francis Harding and Mrs. Barbara D. Brown are the co-chairpersons of volunteers.

Persons are needed to deliver blood samples to the hospitals (Norway, Rumford, Bridgton) preferably RN's or LPN's who may be going in those directions in the afternoon and/or early evenings. Volunteers are also needed for typing, bookkeeping, painting, cleaning and sewing. If anyone is willing to give any time and effort, please contact Francis Harding 824-2730 or Barbara Brown 824-2446.

GREENWOOD WOMAN INJURED SERIOUSLY IN MONDAY ACCIDENT

Mrs. Janice Harrington of Greenwood was reported in satisfactory condition Monday night at the Central Maine Medical Center, Lewiston, suffering from a broken neck sustained in an auto accident earlier in the day. She had been transferred from the Stephens Memorial Hospital in Norway.

According to police, the car in which Mrs. Harrington, operated by her husband, Raymond, was traveling in an easterly direction when it was collision with a Bethel town truck which was spreading sand. The truck was entering Route 35 from Paradise Road.

Police said that Danny Kennagh, driver of the truck, was given a summons for failure to yield the right of way.

Also a passenger in the Harrington vehicle was the couple's son, Patrick. Patrick and Mr. Harrington received bruises and cuts but were not hospitalized.

FOREST LANDOWNERS MUST REPORT TIMBER SALES JAN. 31

Forest landowners who sold standing timber last year or harvested timber for their own business use during 1978 must file an annual report with the Maine Forest Service before Jan. 31, 1979. The form, titled "Confidential Report of Annual Timber Stumpage Sales", is available at town offices or by writing the Maine Forest Service, Department of Conservation, Augusta, Maine 04333.

This year the report will include a separate category for fuelwood sales by landowners. Robert Umberger, Taxation Forester for the Forest Service, said the report form was revised because of the increasing volume of fuelwood being sold as commercial stumpage. He said that fuel wood now qualifies as a major forest product. It has been categorized as a miscellaneous wood product in the past.

Umberger emphasized that the annual report is not required of landowners who have cut timber exclusively for their own use or for roadside sale.

The report is required by Title 12, Section 520-B of Maine Revised Statutes, which also requires that all information submitted in the report be kept confidential.

GAN Sanitation is now owned and operated by Dwight and Elaine Merrill. Phone 836-3581.

S. A. D. #44 Board Learns of Possible Sub-Division Development on Adjoining Property at Tuesday Meeting

A postponed regular meeting of the M. S. A. D. #44 board of directors was held Tuesday evening of this week in the library at Telstar Regional High School. The session was originally scheduled to be held on Monday evening.

Superintendent Kenneth Smith informed the board of directors that Nelson Austin of the Environmental Protection Agency will be meeting with him and Bethel Town Manager Norman R. Ness, Jr., to discuss municipal sewage and the Telstar sewage treatment plant. The possibility of the town and S. A. D. #44 sharing a person to operate and maintain both systems was to be explored.

The directors also learned from Mr. Smith that the owners of property adjoining the Telstar site, Oxford Land Company, had filed an application for a Site Location Permit in order to establish a 19 lot residential subdivision on about 43 acres of land along both sides of the Bailey Road. Also brought to the board's attention was the possible re-regulation of the cost of one-half pints of milk. A report has been prepared of the financial impact on S. A. D. #44 by the School Lunch Director, Hilma Brown, and this has been presented to the Maine School Management Association for inclusion in hearings before the Maine Milk Commission.

The directors granted final approval to a new policy concerning a Grievance Procedure for Affirmative Action/Title IX/Sec. 504. The resignation of Floyd Keniston as Industrial Arts instructor at Telstar was accepted effective Aug. 31, 1979. Mr. Keniston has been at Telstar since the opening of the school in September of 1968. He held a similar position at Woodstock High School since 1965, and had taught three years at Stonington before that.

The appointment of Andy Wight of Newry to the NOVA board (Region 9) was approved. Mr. Wight will serve the unexpired term of Joe Robiller, who resigned. Frances Bernier of West Greenwood was appointed as

STATE OF MAINE HOUSE OF REPRESENTATIVES Karen L. Brown

January 6, 1979

The first week of the 109th Legislature was one of ceremonies and organizational business. All other business of the legislature was overshadowed by the well-publicized events surrounding the election of Maine's Constitutional Officers.

On Thursday the Legislature reconvened the session at the Augusta Civic Center for the inauguration of Gov. Joseph E. Brennan. The inaugural ceremonies of Gov. James B. Longley four years ago were the first not to be held at the State House to allow for room for the public to attend.

The Legislature will return to legislative business this week after committee assignments have been made. I hope to be assigned to the Taxation Committee or Natural Resources Committee for the current session.

Those who wish to contact me during the legislative session may write: Box 20, State House, Augusta, Maine 04333, or call the office of the Clerk of the House at 239-2866.

The monthly meeting will be held Jan. 14 as the E.M.T. class is scheduled for the 15th. Please take note of this.

The E.M.T. class was cancelled Monday night due to the bad road conditions.

Safety Tip of the Week

Please take care when shoveling or snow blowing not to overdo. Take a break, then go back to work.

WEST BETHEL CHILDREN'S CENTER

Children and staff at the Children's Center are back on schedule following vacation.

The parent group Christmas sales netted \$197.00. The food basket was awarded to Mrs. Newcomb, Sudbury Village, and "Mr. and Mrs. Santa" to Kathy Sutton, Public Health Nurse. The parents are grateful to the staff of Bethel Savings Bank for providing space for the food sale.

This week several of the children have had dental appointments and on Thursday, Jan. 11, all will enjoy a sliding party at the Gould Academy athletic field.

On Friday, Jan. 12, Linda Haege will conduct a nutrition workshop at the Center. Several of the teachers and the cook plan to attend.

Parents are reminded that the Children's Center observes the same no-school storm days as S.A.D. #44. On stormy days please listen for school cancellations on WXIV radio, Norway, at 5:30 a.m. and WRUM, Rumford, beginning at 6 a.m., to determine if the Center will be closed.

Arlene Greenleaf will be giving a first aid and C.P.R. course at the Center starting Thursday, Jan. 18 at 6:30. The course will last eight weeks. The public is welcome to come. Course fee, \$4.00.

OXFORD POMONA GRANGE

Oxford Pomona Grange #2 met Jan. 2 with Bear Mountain Grange with the usual supper served by the host Grange. Because of the bad fog there were only 30 who braved the elements.

The program consisted of a speaker on agriculture from the Extension Bureau at South Paris, who talked and showed pictures on Christmas tree culture and growth and feeding the wild-life around your home in winter. He also rendered a solo, "Star of Bethlehem." Marion Bennett read a prayer for New Years to close the program.

The next meeting will be March 6 at the South Paris Grange Hall. The April meeting will be Oxford Grange, Welchville.

Cards were sent to Shirley Foster who has undergone surgery at the Stephens Memorial Hospital. Herbert Hartshorn, Oxford, who fell and broke some ribs. He is home recuperating.

The March meeting will be Guest Officers Night. The officers are to get their replacement.

German Diary

by Ann Morton

This week I'll write to the skiers. If you are anything like our family, you have always hoped to ski in the Alps. Come along with us to the highest point in Germany—the Zugspitze. This peak is 3,000 meters high and surrounded by other jagged peaks. To get to the skiing area, we rode a cog train up the side of the mountain and through a 4,000 meter tunnel to the ski lodge and hotel—the Schneefarnhaus—clinging to the steep cliff.

Soon after we boarded the train, three busses of Army men boarded. We were very crowded, and one man named Fowler sat with us. In the course of our conversation we learned that he instructed the troops at Sunday River for five years. How excited we were to mention friends we had in common! He also mentioned that one of his buddies, also stationed in Berlin but skiing here, had graduated from Gould Academy in 1962. We met him at the lodge and enjoyed a conversation before leaving to ski. Small world?

On leaving the lodge, we seemed to look straight down to the slopes far below. We could ski down or ride a cable car. One area below was serviced by two T-bar lifts. Another longer and more challenging area also had a T-bar lift. Apparently high winds make a chair lift impractical. The snow conditions were wonderful, but the view was fantastic. One day was clear and afforded us a view of Austrian Alps and small villages far away. That day we left at the end of the day via cable car to the top of the Zugspitze and down the other side to meet the cog train near the bottom. Other days gave us a variety of visibility due

to snow or clouds, but the skiing was beautiful. The area was groomed well near the lifts but left alone for those seeking powder. We skied in a large bowl-shaped area larger than that at Mt. Washington and uncrowded. We rarely waited for more than five people in line, and we quickly learned how aggressively people here cut in line. After a few checks and quick poling techniques. All of this was unnecessary due to the short lines, but we've never cared for line cutting!

At the end of the ski day, the 1½ hour ride on the cog train and carrying skis to a bus to our hotel showed us how tired we were.

Garmish - Partenkirchen is a beautiful area for everyone, but the skiers don't want to take time away from the slopes for sightseeing. A few more days here and we'll move on to Chiemsee.

WALKING WITH JESUS

The Last Sheep

It was a wet and cold Chapman Street last week. Bedraggled and ice covered white kitten found its way door of a home. Brought it into the warm house it was cared for—soon it regaled strength and showed its ability by crawling beneath the bed to warm the feet of its new owner. Ah, Yes—the love of a sure found its way into the of a man.

Love, love—what is it? Cision? To hold dear? To love Fondness? Are these did kinds of love? Love of and things? The Bible says is love—the Love of God strongly emphasized in both new testaments—without love, there is nothing worth to bring love into reality.

Use to see and feel—He uses tures to reveal His love for God uses touching stories the white kittens—for example. Creatures such as sheep prominent part in man's life—sheep is a submissive and creature—it typifies a person who knows and walks with Jesus Christ.

There are the sheep who still out in the cold—wondering and knowing something is wrong. It hasn't yet heeded the call of the Master.

The lost and wandering found a haven in the heart home of a young man—we are wondering God can find comfort in answering God's call to us. Book of John, Chapter 10, describes Jesus Christ as the shepherd who gave his life for the sheep. He says: "I am the door of the sheep, if any man enter shall be saved, and shall go out and find pasture."

"My sheep hear my voice—there shall be one fold, and one shepherd—I am come that I might have life, and that I might have it more abundantly. Isaiah 35—"where the d shall blossom abundantly and rejoice with joy and singing—shall see the glory of the Lord and the excellency of our God and the ransomed of the Lord shall return, and come to Zion, songs and an everlasting joy be upon their heads; they shall have joy and gladness, and shall sing and shouting shall flee away."

Why do we hesitate to answer the call of the Shepherd? There ten found a sanctuary in a new love, think how much more God's love toward us—we but to open the door of our hearts and let Him in.

He loves you and waits. "Christ may dwell in your hearts by faith; that ye, being rooted and grounded in love, may be able to comprehend with all saints, is the breadth, and length, and depth, and height; and to know the love of Christ, which passeth all understanding, that ye may be filled with the fullness of God." WALKING WITH JESUS CHRIST

The Lost Sheep

It was a wet and cold day on
Chapman Street last week when a
pedragged and ice covered little
white kitten found its way to the
door of a home. Brought tenderly
into the warm house it was fed
and cared for—soon it regained its
strength and showed its affection
by crawling beneath the bed sheets
to warm the feet of its new mas-
ter. Ah, Yes—the love of a crea-
ture found its way into the heart
of a man.

Love, love—what is it? Compas-
sion? To hold dear? To long for?
Fondness? Are these different
kinds of love? Love of money
and things? The Bible says "God
is love"—the Love of God is
strongly emphasized in both old
and new testaments—without His
love there is nothing worthwhile.
To bring love into reality, for
us to see and feel—He uses crea-
tures to reveal His love for us—
"God uses touching stories of lit-
tle white kittens—for example.
Creatures such as sheep play a
prominent part in man's life—a

creature—it typifies a person who
knows and walks with Jesus Christ.
There are the sheep who are
still out in the cold—wondering
and knowing something is amiss—
it hasn't yet heeded the call of
the Master.

The lost and wandering kitten
found a haven in the heart and
home of a young man—we as wan-
dering sheep can find comfort in
answering God's call to us. The
Book of John, Chapter 10, de-
scribes Jesus Christ as the shepherd
"who gave his life for the lost
sheep. He says: "I am the door of
the sheep, if any man enter in, he
shall be saved, and shall go in
and out, and find pasture."
"My sheep hear my voice—and
there shall be one fold, and one
Shepherd—I am come that they
might have life, and that they
might have it more abundantly."

Isaiah 35: "where the desert
shall blossom abundantly and even
rejoice with joy and singing—they
shall see the glory of the Lord,
and the excellency of our God—
and the ransomed of the Lord
shall return, and come to Zion with
songs and an everlasting joy shall
be upon their heads; they shall ob-
tain joy and gladness, and sorrow
and sighing shall flee away."

Why do we hesitate to answer
the call of the Shepherd? The kit-
ten found a sanctuary in a man's
love, think how much more is
God's love toward us—we have
but to open the door of our hearts
and let Him in.

is the breadth, and length, and

Seven Reasons Why

Ownership of income-produc-
ing property can be one of the
greatest ways you can put your
money to work and keep more of
what you earn. Here is a list of
seven big plusses:

1. Employ leverage and ac-
quire property with a minimum
of cash outlay.
2. Enjoy a higher cash flow
than in other investments.
3. Real profits you earn
by paying lower taxes on such
income.
4. Provide a tax shelter, so
that you pay less tax on other
income.
5. Have ability to refinance
and take out large sums, tax-
free.
6. On sale date, enjoy lower
capital gain rate and instal-
ment reporting of profits.
7. Limit your liability to the
cash you have invested.

There are many opportunities
available ranging from residen-
tial homes to condominiums to
apartment complexes. And,
most importantly, real estate is
one of the best hedges against
inflation.

If there is anything we can
do to help you in the field of
real estate, please phone or

I need yarn enough for ½ a
child's mitten and two thumbs—it
is variegated yellow to orange to
brown to white. Would rather buy
a skein if I could find one. So far,
no luck.

A special town meeting brought
out about 32 voters. Three new
names were added to the voting
list. Eight votes were cast for
Fred Judkins for moderator and
the other four articles were passed
over with no discussion. The en-
tire business was done in slightly
over five minutes and was most
bewildering to many.

Richard LeComte called a plan-
ning board meeting following the
town meeting to take action on
Camp improvement for Mr. Jyoh
and Sylvio Viens at Birch Point.

We have had rain until most of
the snow was gone, followed by a
fresh supply of snow.
Albert Blais started for work
Monday morning during the snow
storm. He got as far as Locke Mills
and during that time he encoun-
tered rain and freezing rain, very
icy roads, vehicles stranded on
ice, and difficulty on inclines. He
decided to return home as the
traveling was getting progressive-
ly worse.

There has been a lot of snow-
machine traffic when conditions
warrant.

The Roderick Sidelingers entertain-
ed at dinner, Sgt. and Mrs. John
Degan and Johnny, Mr. and Mrs.
Henry Degan of Mexico. Later in
the afternoon they had visitors:
Mrs. Florence Sidelinger, Dave
Carter, Floyd Hutchins and John
Morton. This is the first time
snow in his four years and he sure
was making the most of snow-
machining and sliding. He was very
pleased to see "Frosty the Snow-
man" on the lawn to greet him
to Maine. The Degan will be
spending several weeks between
Andover and Mexico before going
to St. Johnsbur, Vt.

Albany HUNT'S CORNER

—Kathy Bennett, Corres.—
Wish the weather would make
up its mind. Either snow or rain
instead of a little snow and lots
of rain, or lots of snow and a
little rain.

Everything has been fairly quiet
in Albany this last week.
Albert and Elma McAllister have
been laid up with bad colds.
Ivy Philbrook and Frank and
Terry Howard were recent callers
at the home of Mr. and Mrs. Hugh
Stearns.

Verna Robinson and Herman
Gatchell were recent callers at the
Wardwell farm.
Wardwell and Jason Inman were
Sunday dinner guests at Barb and
Howard Inman's.

Mr. and Mrs. Arthur Seavey and
children were Saturday night su-
per guests at the home of Mr. and
Mrs. Franklin Barton and family.
Things at K-D's Acres have been
quieter than usual but there has
been enough going on. Callers
during the week were Margaret
Barton, Jimmy Brett and Jeff,
Hugh and Edith Stearns, Polly,
Paul and Gus McAllister.
On Thursday evening a special
meeting of the Albany Congrega-
tional Church was held here.

Monday, Jan. 8, and school has
been called off. About 7:00 the
temperature was about 33° and
raining. About noon I looked out
and the trees were all enclosed in
a wrapping of ice. Here it is 2:30
p. m. and it has been snowing for
an hour or more. Now looking out
the bare arms of the trees have
caught snow and are now covered
with sleeves of white. It is a dark
day and makes one just want to
stay inside and keep the home
fires burning.

Mr. and Mrs. Kilkinney and two
boys left after supper Friday into
their rent over Brown's Variety

Mr. and Mrs. Ricky Seames went

morning where it was found that
Ricky had a sinus infection.

Sunday dinner Mr. and Mrs.
Ricky Seames and two children
joined her parents, Mr. and Mrs.

Saturday.

Today Shimamura, son of Mr. and
Mrs. Joe Shimamura, was 15. Jan.
8, and will be celebrating later.
Mr. and Mrs. George Guinness

Mr. and Mrs. Raymond Coleman,

Sunday with Benor Brooks. Their

Frank Benson took Sylvia to the

Sylvia had an ear infection.

Friday, Mrs. Ruth Butters went
to Shelburne, N. H., to visit her
friend, Mrs. Chester Hayes.
Thursday afternoon I had to go
on an errand to Frank at Ripley
and Fletcher, South Paris. On the
way back I stopped off and had a
cup of coffee with the folks, Mr.
and Mrs. George Allen, and Aunt
Sara, who was there. Coming home
through Albany just beyond the
pumping station I could just make
out something in the road as I flew
away as I could see. As I slowed

down and got nearer it was a
deer. I clocked it running for al-
most a mile in front of me before
it finally went into the woods. She
knew I was there as she would
turn her head and look back at
me. Had she just come out of the
woods when I spotted her because
something was chasing her and she
figured it wouldn't come out as
long as she was in front of the
car? I hadn't seen a deer for a
long while and couldn't help mar-
veling at the gracefulness of this
beautiful animal as she ran and
when she leaped out of the road
back into the woods.

Vince Chapman, son of Mr. and
Mrs. Howard Chapman, visited
Danny Myers, son of Mr. and Mrs.
Bill Myers, and Danny came back
to stay overnight Saturday with
Vince.

Mr. and Mrs. Russell Carson and
daughter, Teri, Portland, were Sat-
urday guests of Mr. and Mrs. Dick
Urday and family.

Mrs. Sally Hannon and girls
have been taking advantage of the
good sliding.
Pastor and Mrs. John Smith and
two children came Saturday night
for dinner with Mr. and Mrs.
Chuckie Mason and family.

Mr. and Mrs. Homer Smith, Jr.,
Andy and Christine, went on a
tour in Andover at Comsat, Satur-
day. On Sunday, Mr. and Mrs.
Smith and Andy went on a tour at
Evergreen Valley.

God's Sunshine
Do you ever think of God's sun-
shine?

How it shines upon this earth?
Do you ever think of its radiance
And how much it's really worth?
The way it gives us light each day.
How terrible it would be
If we didn't have God's sunshine
To send its rays on you and me.
After a rain, watch its beauty
Spread freshness everywhere.
Thru the clouds comes God's sun-
shine.

Which He placed for us to share.
Do we think to thank God each
day
For our body, soul and mind?
Do we really know how precious
For us, is God's sunshine.

ORIENTAL INFLUENCE, TOPIC JAN. 4 HISTORICAL MEETING

The influence of the Orient up-
on American decorative arts was
the topic of the monthly meeting
of the Bethel Historical Society
held Thursday evening in the
meeting room of the Dr. Moses
Mason House. Several members
brought items which indicated Far
Eastern influences, including vases
and tea cups. Two films were also
shown. "The Chinese Village" de-
picted a story told on wallpaper
in a room in the Governor's Pa-
lace at Williamsburg, Va. "Chelsea
Porcelain" featured items from
some of the great collections in
America, including those at Wil-
liamsburg, Winterthur and the
Boston Museum of Fine Art. Por-
celain was first made in China and
shipped to the West. The Chinese
kept the process secret until it
was duplicated in Germany in the
18th century and later made in
England and in America.

At different times oriental scenes
were a common decoration on
Chelsea porcelain.

CHIEF TRAIL GROOMER
AT SKI TOURING CENTER
IS TELSTAR SENIOR

David Taylor, son of Mr. and
Mrs. Harry Taylor, Jr., of Gilead
is Trail Crew Foreman and Chief
Trail Groomer this winter at the
Sunday River Ski Touring Center.
David, a senior at Telstar Regional
High School participated in the
Youth Conservation Corps last
summer which was based at the
Sunday River Inn. There he de-
veloped his knowledge of outdoor
safety and forestry position and
worked his way into a position on
the Ski Touring Center staff in
charge of equipment and trail
maintenance. Working week ends
and afternoons all Fall, David
built bridges and cleared branches,
brush and other obstacles from the
25 mile network of trails stemming
from the Sunday River Inn. Sev-
eral new trails were cut and
trail markers installed prior to
the first snowfall.

Since Thanksgiving, David has
been putting his snow machine ex-
pertise to work in clearing and set-
ting track with the Touring Cen-
ter's double track snowmobile.
powdermaking flat drag and
tracking sleds. All the effort is
paying off in good skiing condi-
tions in spite of some challenging
weather. Nearly all trails have
been open since early December.
After those days of 80 mile per
hour winds, David directed a crew
of part time workers and volun-
teers in clearing hundreds of
blow down branches and trees
off the trails in just a few days.
Rain and warm temperatures led
to a flurry of new bridge building
and shoring up of older structures.
NASTAR racing—for cross coun-
try skiers of all ages and abilities
—is a regular part of the activity
at Sunday River this winter. And
so, grooming trails and setting
tracks for these weekly events has
become a new challenge for David.
Thanks to his efforts the skiing
continued to be good at Sunday
River last week while most other
cross country areas around Maine
and New England were washed
out.

At Sunday River Ski Touring
Center David Taylor is one snow
machine operator who receives a
friendly greeting from ski tourists.

FOURTH INSTALLMENT ON 1978
ESTIMATED TAX DUE JAN. 15

The fourth installment is due
by Jan. 15, 1979, from taxpayers
making estimated tax payments on
their 1978 income. J. J. Jennings,
Director of the Augusta IRS Dis-
trict, has stated.

The tax installment should be
paid using declaration-voucher
number four from the Form 1040-
ES package.

Those taxpayers whose antici-
pated income during 1978 has
changed may have to file an am-
ended declaration. Space appears
in the estimated tax package to
compute an amended estimate,
Jennings said.

For more detailed information,
taxpayers can obtain IRS Publi-
cation 505, "Tax Withholding and
Declaration of Estimated Tax,"
free of charge by calling the IRS
forms number (toll-free) 1-800-225-
0733. Supplies of Form 1040-ES
package may also be obtained by
calling the above number.

CHILD CARE INCOME
MUST BE REPORTED

Again this year, working parents
who claim the credit for child care
on their federal tax return are
required to furnish the name, ad-
dress, and social security number
of their babysitter, J. J. Jennings,
District Director in Maine, said.

At the same time, providers of
child or dependent care services
must report amounts received as
income on their federal tax re-
turn and the IRS said it is step-
ping up its efforts to insure that
the income reported is consistent
with amounts claimed by par-
ents who take advantage of the
credit.

IRS form 2441, "Credit for Child
and Dependent Care Expenses,"
allows for claimants to furnish cer-
tain identifying information about
the child care provider and the
amount he or she was paid, ac-
cording to Jennings.

The credit for child and depend-
ent care is 20% of actual child care
expenses paid so parents can
work. Money paid to a babysitter
so the parents can go out socially
does not count for purposes of
the credit. The maximum credit is
\$400 for one child and \$800 for
two or more children.

The credit can be claimed by all
taxpayers, regardless of income,
and encompasses not only the
workday care of children but cer-
tain eligible dependents as
well, Jennings said.

ALCOHOL AND DRUG ABUSE
HEARINGS IN MAINE

During the past year a study has
been made of the kinds of treat-
ment provided Maine people who
abuse alcohol and drugs. The study
conducted by the Office of Alcohol
and Drug Abuse Prevention (OAP)
Department of Human Services,
has resulted in a proposed
system called the Client Oriented
Treatment System (COTS). During
the month of January, public hear-
ings will be held in several Maine
communities to discuss the pro-
posed system. Dates and places of
the meetings will be announced.

At the present time Maine has
shelters for alcoholics, detoxifica-
tion centers, halfway houses, re-
habilitation units and out patient
counselors who work with the ab-
using person.

Seaton Hospital, Waterville and
the Eastern Maine Medical Center
in Bangor each have units for
treating alcoholism that compares
to intensive care units and units
for children and aging people.

Other hospitals are considering
similar treatment units. COTS sup-
ports this trend.

The study also suggests the de-
velopment of an extended care
unit to maintain residential con-
tact with the patient after treat-
ment and a case management sys-
tem whereby one counselor fol-
lows a client through the entire
treatment system.

These and other suggested chan-
ges are included in a pamphlet
available by writing the OADAP,
22 Winthrop Street, Augusta 04330.
Anyone interested in treatment
of alcohol and drug abusers are
encouraged to submit their com-
ments to the above address.

GASSERS ACQUIRE CRANE REAL ESTATE AGENCY

Robert Crane Associates, a local
real estate agency, was sold to
John and Barbara Gasser on Jan.
2, 1979. The Agency which has
been located in Bethel for eight
years, was formerly owned by Bob
and Sue Crane. The Cranes will
still be associated with the firm
in an advisory and sales capacity.

The office has been moved from
the Cranes' house at 23 Main
Street. Daniel Grover, a local
builder has remodeled the barn
into an office which will be used

and Barbara hold Maine Real Es-

integrity that has become synony-
mous with Robert Crane Associ-
ates.

This Week in Washington

by Senator Edmund S. Muskie-
Maine Offices

Charlie Jacobs of Dexter will
assume new duties this month as
my field representative for the
Lewiston area. Charlie has worked
in my Washington office for the
past two years as a legislative as-
sistant, involved in major trade
issues, education, health and so-
cial services and a variety of other
legislative issues related to
Maine.

Charlie was involved in the
International Trade Commission,
which has examined the shoe in-
dustry and the clothe-spin indus-
try to determine the extent of
unfair competition from imports.
He also worked on the health cost
containment bill.

Charlie is a former member of
the Executive Council, and also
worked for Governor Ken Curtis.
Charlie will join my three other
field representatives and seven
case workers in five Maine area
offices.

The Lewiston office is primarily
concerned with helping people in
Androscoggin, Oxford, Franklin
and Sagadahoc counties. Serving
the rest of the state are offices in
Biddeford, Portland, Waterville
and Bangor.

Together they provide a rela-
tively convenient source of assist-
ance for people who need help
with the federal government,
whether it is a lost social security
check, a disability claim, or even
a Purple Heart which should have
been awarded but never was. They
also help local town and city of-
ficials, business and community
groups who are seeking federal
aid for various community and
business projects.

But I view these offices as a
necessity, rather than as a con-
venience. The size of the federal
government, the complexity of
local and area-wide problems, and
the seeming difficulty in approach-
ing government for aid all argue
strongly for local offices trained
to find the way through the bu-
reaucracy, open the right doors,

Charlie Jacobs of Dexter will assume new duties this month as my field representative for the Lewiston area. They also help local town and city officials, business and community groups who are seeking federal aid for various community and business projects.

But I view these offices as a necessity, rather than as a convenience. The size of the federal government, the complexity of local and area-wide problems, and the seeming difficulty in approaching government for aid all argue strongly for local offices trained to handle the way through the bureaucracy, open the right doors, and get the answer to people's questions.

I have found that federal workers are almost always well meaning, compassionate people. From the outside, however, government too often looks complicated, cold and uninterested. Proposals like my sunset bill will help streamline the system. But just as in any large organization, it is important to have people on hand to know which telephone number to call for an answer, or which person to see for guidance.

These offices are important for another reason. The days when a senator spent only a few months in Washington are gone.

Congress used to meet for six months or so. In fact, while the first Congress officially opened its session in March, 1789, it was a month before either house could manage a quorum of half the elected members. Modern life is much faster and more complex. In many years, Congress meets from January through December.

It is thus impossible for me to get back home as much as I would like. When I must be in Washington, I expect the people who work for me in Maine to keep me informed of the problems people are having, of their views on federal legislation, and of the work they hope to accomplish with federal help.

My offices do a good job. They are staffed by experienced people. If you have a problem, let them know. They cannot perform miracles. But very often, they can help.

AREA BOOKMOBILE STOP

The Harrison area bookmobile will make the following stop on Jan. 15; Albany: Town Hall, 4:00 to 4:20.

CLEAN LIGHT LENSES NEEDED FOR WINTER DRIVING SAFETY

"Safe winter driving depends not only on how well we can see, but also on how other motorists can see us," said Colonel Allan H. Weeks, Chief of the Maine State Police.

Snow or mud can obliterate the effectiveness of directional signals, taillights, headlights, and headlamps. Each motorist is urged to have a cloth or roll of paper towels in the vehicle so the light lenses can be wiped clean, especially in sloppy weather.

"We must see and we must be seen for safety's sake," said the State Police Chief, in urging drivers of private autos to be as safety-conscious as truck and bus fleet operators that insist their operators keep rear lights and reflectors clearly visible to warn the motorists behind them.

— From The Oxford Democrat —
January 7, 1889

Christmas was duly celebrated at South Bethel last Saturday evening, with an exhibition by the young folks and Christmas trees. The exercises, consisting of declamations, dialogues, tableaux and singing, were very interesting and instructive. Those who took part in the exhibition, especially the small children, acquitted themselves with marked ability. The singing during the evening, under the charge of H. Ripley, esq., gave additional charm to the occasion. After the exercises came the gathering of fruit from two large Christmas trees—which was abundant, comprising a large variety of articles, requiring an hour for their distribution.

The snow has set lumbermen at work. Six four horse teams from Lewiston passed up by here, last Wednesday, on their way to Dead Diamond River.

We recently dropped into the carriage shop of J. C. Billings, on Mechanic St. Our attention was called to several of his steel underwork sleighs, which for beauty and durability cannot be surpassed in the State.

During the week of prayer the Methodist and Congregational societies will unite and hold evening meetings throughout the week.

Hiram Hodgson has leased his sawmill to Henry Wentworth.

Mrs. H. C. Barker presented her husband, on Christmas morn, with a beautiful present in the shape of a nine pound son.

A watch meeting was held at the M. E. Church on New Year's night. Rev. Mr. Holmes of Newry was present and preached a very interesting sermon, in the early evening, followed by a sermon from the pastor, Rev. Mr. Bisbee.

Newry

— Miss Amy Hanscom, Corres. —

The Selectmen met Tuesday, Jan. 2, to work on the Annual Town Report. The books closed Dec. 31, with all operating accounts either balancing off or showing an unexpended balance. The Annual Town Meeting, which will be held March 5, at 7 p. m., has 43 articles to be acted upon, most of them routine. Newry was incorporated as a Town on June 5, 1805. The Selectmen have an article in the warrant to see if the townspeople wish to celebrate the 175th anniversary of the town in 1980. It was felt that if this was to be done, plans should be started this year. The Town History, which was published in 1955, might be updated and reprinted since the original supply of history's has been sold.

Another article, placed by request, is to see if the Town will vote to keep the Sunday River Schoolhouse open to the public at designated times during the summer months. This building, an old one room schoolhouse, built in the late 1800's, has not been used as a school since the early 1940's. Last summer it was placed in the National Register of Historic Places. It was felt that it might be kept open to the public by volunteers on certain days.

The Ladies Extension is scheduled for Wednesday, Jan. 17 at 1:30 p. m. at the home of Mrs. Iola Forbes. The subject is Canada and the program will be led by Mrs. Doris Fraser.

TELSTAR GUIDANCE NEWS

Financial aid forms and family financial statements have arrived for '79-'80. If your son or daughter is applying to college this year and could use a financial boost, have him stop by the Guidance Office as soon as possible. Since the federal government has allocated more money this year for middle class students than it has in the past, this should be a good year. (Business and farm supplement forms are available now, too.)

On Jan. 8, 1979, representatives of the Armed Services will be available at Telstar to interpret the results of the Armed Services Vocational Aptitude Test. This test was given to nearly fifty juniors and seniors in November.

Young Life News

The local Bethel (S.A.D. 44) Young Life work is in great need of Committee Representatives from this area. Concerned and committed citizens are a vital part of all successful Young Life ventures. Folks are needed to aid in budgeting, fund raising, public relations, and mission advance.

Over the past year Young Life has demonstrated a unique way of understanding today's youth with remarkable results in your area. We believe your young people need what Young Life has to offer.

They wish it to continue. Do you?

Please come to an open meeting at Telstar Regional High School at 7 p. m. on Jan. 18. A film called "What Is Young Life?" will be shown. — Oxford County Young Life Co-Chairman, Howard Munday, Vice Pres. Cornwall Traded, South Paris, Robert Murch, Pres. Murch Inc., South Paris.

TELSTAR WINS, 53-52

OVER HALL-DALE

Ken Keniston hit a 15-foot shot in the last second to give a Telstar a 53-52 last Friday night basketball win over Hall-Dale at Hall-Dale.

Keniston's clutch shot came only seconds after Hall-Dale's Steve Kelley had put his team in front, 52-51 with an 18-footer.

The teams were tied at 19-all after the first quarter, but the Rebels moved out to a 31-25 lead at the half. Hall-Dale closed to within two at 39-37 after three quarters, then the game remained close the rest of the way.

Mark Kendall of Telstar led all scorers with 25 points; Bob Seames added 17 for the Rebels. Walt Longfellow was top man for the Bulldogs with 22; also in double figures was Kelley with 10.

TELSTAR GIRLS DEFEAT

HALL-DALE LASSIES BY TWO

Pam Bean scored 20 points Thursday night, Telstar's girls held on for a 34-32 basketball win over visiting Hall-Dale.

The Rebels' win was their first of the year, also their first victory since 1977.

Telstar led by a comfortable margin through the first three quarters, with the score standing at 7-2 after the first, 16-8 at the half and 28-18 after three periods of play. Telstar had its troubles in the third quarter though, with eight misses in as many free throw tries and Hall-Dale quickly closed the margin. However, the Rebel defense managed to hold onto the lead.

Julie Hendrickson was the key to the Hall-Dale comeback, as she tallied 12 of her 14 points in the second half.

Telstar is now 1-7, while Hall-Dale is even at 4-4. The Hall-Dale jayvees won the preliminary contest 40-18.

Rose Mary and Ken Smith visited Iva Fox Sunday.

Iva Fox had two of her grandchildren this past week, Raymond and Troy Fox.

I guess the weatherman must be mad at us for he sends us a stormy week end every week or else he is out to help the ski slopes. Many have benefited from the rains.

I did not go to Tim Willard's funeral, but I was a bit involved.

I had a 3 p. m. appointment at Dr. Weeks' office and it was absolutely impossible to park a car anywhere in Market Square. I finally drove into the doctor's driveway, which had a No Parking sign and he said it would be O. K. When I came out all of Police and Troopers marched ahead of me to their cars and it was pouring. The school yard served as a parking area for many, many cars.

Mr. and Mrs. David Lyons went to his parents at Yarmouth for the week end.

Callers at Lawrences: Sandra Abbott, Mr. and Mrs. Dale Coffin, Jeff, Jimbo, Kenneth, Michael Abbott, Rumford; Maureen, Sherry, Brenda, Stevie Millett, Hermon, Thelma Card, Stevie, spent Saturday and Sunday. Susan Litchfield, Sumner, brought Root Lawrence \$25 that he won at West Sumner.

For the second time in six days the smart guys have been playing with my mail box so I notified the Post Office. They get a kick out of it. I am glad.

This Monday morning the bushes are loaded with ice. Maybe its worse in other places. Not many news or it was too cold for me to get out for them.

Then a Mission Film "Survivor #3" will be shown at 8. Everyone is welcome.

On Jan. 14 at 2 p. m., there will be a special business meeting to vote on the Church constitution.

Monday morning—quite a little snow fell in this area before turning to sleet and rain during the night. This morning finds everything coated with ice. At 10 o'clock temperature about 32° and raining.

The state and town road crews are kept busy plowing, salting and sanding; also the men on patrol in the area.

We were very sorry to learn of the death of Roger Favreau. Our sympathy to all members of his family and friends. Some in town are employed in the Favreau mill in West Bethel.

Mrs. Marilyn Wheeler's mother, Mrs. Luella Andrews, is spending the winter with Mrs. Wheeler and grandson, Timothy Wheeler.

I have no report of anyone seriously ill in town. Some have been having colds and flu, but not any serious illness, as far as reported.

I have a very good report on Ruth Grover this morning. She has improved so much that she returned home by ambulance Tuesday, Jan. 9. Mrs. Grover was taken to Rumford Community Hospital by ambulance Nov. 20, 1978, and was placed in the intensive-care unit. Her friends will be pleased to hear she has made such a remarkable recovery.

There isn't very much traveling this kind of weather. Not many visiting from out of town, or traveling with snow machines in this area. It isn't lack of snow as there is plenty.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Today, there was a thin streak
of blue water along the pond's
shore line. The air was cold for an
icy wind drove out of the north.
What a change from the previous
days of warmth and rain.

Before I walked I set my pedo-
meter for the start of the new
year. As I went along I heard the
brook water running softly for the
first time in months. But the hills
sparkled with their ice coated
trees. I stood and looked and saw
a speck of white cloud come down
and mingle with another. Then the
breeze brushed them into the blue.

The mountain again stood alone.
It's lovely whether in summer am-
or in winter dipped in pearl as to-
day, protecting the melancholy owl
and will remain there at least a
week before being transferred to
the Norway hospital.

on a dark night. Its picture will
stay as a jewel on velvet, in my
memory.

By Mud Pond the cattails were
frayed by the winds and bedrag-
gled by the rain. Along the shore
the ice had receded leaving the
water open. The grasses shone
under the moisture and sun.

The harsh call of the raven came
from across the ice and a chain
saw added its grind to the still-
ness.

The sunnys catch my eye each
time I go down the road. Some
days they dress in full scarlet, on
a scowling day their dress is dim.
Finches sometimes rise from them
flinging themselves against the sky
like grains of wheat thrown from
a sower's hand. They chatter with
voices like invisible fairy spirits.

Another startling sound was the
howl of the ice. It had been un-
settled by the rains so there was
the sound of faulting. It was like a
tremendous blood-chilling human
cry, echoing through the valley

and up the mountains. It was
certain to stand and listen to it, as
it increased in volume, fading as
it retreated, lost on the far shore.

Going back home I was startled
by the sudden boom of a partridge
from right by the ledges. He
perched himself just above the
icicles but before I could get my
camera in place he again thunder-
ed away.

I looked once at the icicles
which draped the ledges and noted
the steel-blue shadows which
filled the hollows of the snow.

My house was inviting me now
with a comfortable homey look. I
found it so but my face seemed
to catch fire as I came into the
warmth of the house leaving the
wind tumbling the trees outside.

On Saturday, Ray and Ann Holt
and I were in Lewiston to do some
shopping.

Club Eight met on Tuesday with
Anna Jarvenpaa as hostess. Helen
Chojnacki was unable to attend.

Ruth Hastings and her sister, Ev-
elyn Tamminen, came up from
Yarmouth. The prize for the day
was won by Ruth.

Mr. and Mrs. Leonas Holt visited
their son, Robert, and family on
Sunday in Windsor.

John Betts, Portsmouth, was at
his home here during the week.

Mr. and Mrs. Ralph Leeper,
Kingston, R. I., and two friends
from Rockland, were at their camp
for the week end. Mr. and Mrs.
Frank Curtis visited them Friday
evening.

Frank and Dorothy Curtis had
as visitors this week: John Swan,
Locke Mills; Mildred Bowman, He-
bron; Mabel Oldham, Welchville.

Mr. and Mrs. Rolly Hayes called
on Eva Yates at Sunday River
on Friday.

On Saturday callers at the
Hayes Homestead were: Ardell and
Betty Hayes, Auburn; Duane
Hayes and children, West Paris,
and Haven Hutchinson.

We had about 10 inches of snow fall, last night (Sunday) and it is still snowing a little.

Word received from Addie Lancaster who is spending the winter with her daughter, Ruth Noyes, in New York, is that she is not very well.

Mr. and Mrs. Philip Hinkley and little grandson, Chad Mitchell, spent a recent week end with the Royden Lancasters in New York. While they were there Mr. and Mrs. Lancaster gave his mother, Addie, an 84th birthday party with all her children attending.

There was a whist party at the hall Saturday with six tables playing. Everyone reported a nice time.

Next Saturday evening nine new candidates will take their first and second degrees in the Grange.

The snow plows are busy this Monday morning.

Mr. and Mrs. Glen White visited her mother in Stratton Sunday.

A bountiful dinner was served with all the fixings.

The afternoon was spent talking over all the things that had happened during the past year to all of us.

HANOVER YOUTH IS PLAYING
ON M.C.I. PREPPERS
BASKETBALL SQUAD

Pete Richard, son of Mr. and Mrs. Arthur Richard of Hanover, is a guard forward with the undefeated MCI Preppers of Pittsfield, where Pete is taking a post-graduate year. Coach Jim Elias reports that the small (6'00", 165 pounds) forward is a deadly shooter from either corner of the court and a strong defensive player.

Pete, he says, "has a nice soft shot and is a scrapping board man that no one should shake a stick at." The Telstar grad came along especially well in the last games before the Christmas holidays, and is expected by Elias to be a strong asset in the coming games.

In their first four games, the Preppers stood 4-0, winning 109-61 over the University of Southern Maine, 128-69 over the Northern Maine Vocational Technical Institute, 94-57 over Bangor Community College, and 92-81 over St. Joseph's College.
